200250009A - Agriculture and Biotechnology Officials	TDA approved funding of \$94,485 to conduct an Orientation Visit (OV) of Chilean Agriculture and Biotechnology officials to sites in the United States. The OV was comprised of nine government officials and one Foreign Service National who visited sites in Washington, DC; Michigan; Missouri; Iowa; and Texas. The primary goal of the OV was to allow the delegation to gain an understanding of US policy and regulations in the biotech sector, and how these regulations take into consideration food safety, intellectual property issues, and public perception issues. American guidance and training in these areas could facilitate technology transfers between the U.S. and Chile. The visit took place from April 8 through 19, 2001. Funded and implemented by Trade Development Agency.	Trade-Related Agriculture	94,485
Supporting the Chile Free Trade Agreement	This project implements the labor cooperation mechanism embedded within the negotiations of the U.S.-Chile Free Trade Agreement by enhancing Chile's compliance with its own labor laws and strengthening labor justice administration. Funded and implemented by International Labor Affairs Bureau.	Human Resources & Labor Standards	150,000
